About the Institute

Dear prospective student,

A Warm Welcome to the vibrant and dynamic Academic community of IIIT Kottayam!

Indian Institute of Information Technology Kottayam, at Valavoor, Kottayam, Kerala http://www.iiitkottayam.ac.in/ is one among the 20 new IIITs that have been proposed across the country by the Government of India. The institute is implemented in public-private partnership (PPP) mode with the initial infrastructure funding from the Central Government, State government, and Private Partners. The Institute started admitting students from the academic year 2015-16 and now functioning on **its own campus** at Pala, Kottayam. For an overview of IIIT Kottayam Campus, please visit https://www.youtube.com/watch?v=kI9UgW6pKGg and https://youtu.be/E_mDJMdZN3U

Check out a campus tour and personal review from one of the current students of IIIT Kottayam. Click here.. (https://youtu.be/eqSaFyAcOk4)

IIIT Kottayam is recognized as an "Institute of National Importance" by the Government of India and managed under the provisions of the IIIT(PPP) Act 2017. The campus is spread over 53 acres of beautiful land. It is located in the southern part of Kerala, commonly referred to as God's Own Country. The nearest Airport is Cochin International Airport (Cochin) and the nearest Railway Station is Kottayam (KTYM).

Our institute's vision is on the noble goal of "caring wisdom" and is inspired by the high ideals of academic and social dedication, moral steadfastness, and intellectual and spiritual enlightenment. The institution offers specialized courses covering all **major research domains of Computer Science and Engineering as well as Electronics and Communication Engineering** viz Data Science, Cloud Computing, Artificial Intelligence, Machine learning, Cyber Security, Parallel Computing, HPC, Programming languages, Bioinformatics, Signal processing, Communication, Networking, VLSI design, Embedded Systems, Computer Vision, Applied Electromagnetics and so forth, as part of the 4 years B.Tech / BTech-Hons program with equal emphasis on research, innovation, and incubation. Academic Flexibility, Focus on Hands-on Learning, Varied Pedagogy, Industrial Interface, and

Transparent Continuous Evaluation System are the hallmarks of the Academic Process at IIIT Kottayam.

Students are encouraged to break the mold and go beyond their disciplines and our faculties encourage it.

In addition to this, for the first time in all over India, our institute offers MTech programs for working professionals from the year 2020 onwards in Artificial Intelligence and Data Science, Cybersecurity, Big Data and Machine Learning as well as Ph.D program in all domains of CSE , ECE and Mathematics.

Facilities

All the academic activities of IIITK are conducted in the permanent campus at Valavoor. So students need to be joining and reporting at this permanent campus only.

Hostel: Hostel Facility is available for Boys and Girls students. Students run the cooperative mess based on their menu in hostels. The girl students will be accommodated in the hostel within the campus. **All the boy students of the First year will be accommodated in different rented hostels outside the campus (with in 03 to 05 Kms) and the institute will provide conveyance (to and fro) free of cost.** All students will be accommodated inside the **campus hostels itself from the second year onwards.**
Here is a review of hostel by one of the current students of IIIT Kottayam. [Click Here..](https://youtu.be/VDwTfPovneo) (https://youtu.be/VDwTfPovneo)
A tour of hostel room https://youtu.be/x-zcpvAmxZE

Medical Facility : IIIT Kottayam students have access to the round-the-clock medical facility in the Institute Health Centre. Ambulance facility is extended to handle emergency cases. Medical facilities are given vital importance and each student is given complete care through the Institute Health Centre.

State of the art Labs/Infrastructures: IIIT Kottayam continues constructing buildings and establishing research labs based on the requirement of faculty/industries. Constructing several research labs such as IoT Cloud research lab, Computer Networking lab, 3D printing design lab, Cyber Lab, Gyaan Lab and so forth are in progress at IIIT Kottayam for improving the practical knowledge of students. Selective students could visit leading industries (including AIM-Aayog, Intel, CDAC, NIWE) and international Universities such as University of Innsbruck, Austria, University of Klagenfurt Austria, Technical University Munich Germany, University of New Brunswick Canada, and so forth where our faculties are collaborated with research ideas.

Library: IIIT Kottayam has a comprehensive collection of Engineering & Science textbooks, literature, reports, and management books at its Library. The Library is well equipped with a world class digital library platform-Knimbus, through which the students can access the library contents from anytime, anywhere and any device. The Institute has a subscription to IEEE CSDL, Springer Nature, ACM Digital Library, Turnitin, DELNET, MATLAB access and support, magazines, newspapers, and databases. The Library is enriched with a vast collection of print and electronic resources in various areas of interest. The institute is also a member of Information and Library Network (INFLIBNET) of MoE, GoI.

Student Life at Institute

All our efforts are only focussing on students to get a vibrant and creative life at par with other Institutions of National Importance within the constraints of the ongoing construction activities of the second phase of infrastructure development.

Life at IIIT Kottayam: IIIT Kottayam ensures a 100 percent anti-ragging campus. The newcomers of this institute

are well-treated without inequity and gender bias. We have an active mentoring system and each student will get faculty mentors. Faculty mentors always keep in touch with parents also. We always try our level best to ensure a FEEL-AT-HOME environment during their stay at IIIT Kottayam (right from their initial stay at the campus). A high-speed internet connection through NKN network and the digital library connections / IEEE subscriptions keep motivating the IIIT Kottayam students for developing innovative solutions during their stay.

Skill Development: One of the main attractions of IIITK is we are having several forums for students to develop their skills and talents. In addition to the aid offered by our teachers, our very own committed technical club, Beta Labs, offers them crucial student-level assistance. Last year our IIITK family expanded by more than 400 students, and our technological activities also advanced significantly. We have IEEE student branch, ACM student chapter, Sports club, Cultural club (WildBeats), Dance and music club Drama Club, Finance club, Literary club, Coding club, Cyber Security Club, and so forth have enabled most of the students to impart their leadership skills at IIIT Kottayam.

Location Benefits: IIIT Kottayam is located in the central part of Kerala, phrased as *God's Own Country*. Kerala is a state with 100 percent literacy. Those who are visiting here understand that we maintained Nature's natural slope even in the construction activities. It is a business hub for trading spices and is an industrial sector for rubber industries, including MRF, Apollo, etc. IIIT Kottayam is located in an ideal place where students could reach Trivandrum, Kochi, or Bangalore for establishing business and research developments. Please visit www.iiitkottayam.ac.in for further information.

Financial Assistance

IIIT Kottayam encourages students to apply to various agencies offering financial assistance. Currently, no direct financial assistance is available from the institution. <u>All the students including SC/ST/OBC have to pay the tuition fee, hostel fee, Mess fee, etc.</u> The students should apply for scholarships, bank loans, fee concessions etc. directly to the respective State Government / other Authorities of their choice. Such applications are always recommended and forwarded by the Institute for the benefit of the students.

Scholarship / Educational Loans

Students are free to approach any bank for an educational loan. Students may also visit the vidya lakshmi portal (https://www.vidyalakshmi.co.in/Students/) to search for educational loans.

Institute will issue the needed documents upon receipt of a written request from the students. IIIT Kottayam stands included under the SBI Scholar scheme of the State Bank of India.

Training & Placement

The students of IIIT Kottayam are exposed to real-world problems to make them ready for Internships/placements from the first semester itself.

Entrepreneurial Ecosystem: The curriculum of IIIT Kottayam is designed in order to impart an entrepreneurial ecosystem in the campus. For instance, AIC-IIITKottayam, an incubation centre of IIIT Kottayam, is a vital resource to IIIT Kottayam students; AIC-IIITKottayam is a 10000 sq. feet incubation unit supported by AIM-NITI Aayog of India to the tune of Rs. 3.77 crores. The MSME incubation centre is also sanctioned to the Institute. IIIT Kottayam, thus, helps students to continue championing in their career and attain goals with an entrepreneurial support. It provides tens of thousands of opportunities for them to interact with industrial experts, including MSMEs to MNCs.

Visit http://icentre.iiitkottayam.ac.in for further information.

Placements / Internships: Leading industries keep lining up for conducting interviews and placement/internship drives to our students. In fact, the students of IIIT Kottayam could easily attract industries for pursuing internships during their summer/winter vacations (4 months per year). Most often, these internships do lead to their future placement offers. In the previous years, our students have attracted stipends during internships ranging from Rs.15000 to Rs.50000/- per month from leading industries, including Bosch, TCS, NIWE, US Technologies, IBM, VOLVO, HARMAN, and so forth. The placement cell is responsible for campus Internships at IIIT Kottayam. The placement cell establishes and maintains relationships with various industries and organizations, cultivating partnerships and collaborations to understand their hiring needs, trends, and requirements.

The placement cell establishes and maintains a strong network of alumni who can contribute to the betterment of the process. The role of a placement cell is crucial in bridging the gap between academia and industry, ensuring that students are well-prepared for the professional world. We are well-equipped with all the necessary facilities for the Internship process.

IIIT Kottayam has reported a record of 2 international offers to students this year. The institute's year-long placement drive began in July 2022, with 84 students registering for placements. 76 companies offered 152 jobs over the academic year, of which 84 offers were accepted by students. The highest domestic salary (CTC) offered is Rs 58.93 lakhs per annum, whereas the mean salary package is Rs 14.3 lakh per annum. The institute said the highest international salary is Rs 23 lakhs per annum, with the mean international CTC being Rs 23 lakh per annum.

Please visit http://www.iiitkottayam.ac.in/#!/placement

Industry And Alumni Relations

IIIT Kottayam has attracted leading industries such as Amazon, IBM, GoldmanSachs, TCS, USTGlobal, and so forth for offering placements to our students. The highest domestic salary (CTC) offered is Rs 58.3 lakhs per annum, whereas the mean salary package is Rs 14.3 lakh per annum for all eligible graduates of the year 2022.

https://www.iiitkottayam.ac.in/#!/placement

The curriculum consists of courses that are jointly offered by industry experts and faculty of IIIT Kottayam. Our alumni network strengthens the existing bondage between our ongoing students and industries. Alumni are committed to assist our students for placements, internships, and organizing knowledge-transfer programmes. Several events are often jointly organized with our prestigious alumni to promote the word-of-mouth marketing synergies of the Institute. In addition, they are serving as mentors to potential startups of our incubation centers which remain as entrepreneurial promotion activities.

Please visit http://www.iiitkottayam.ac.in/#!/placement for further information.

Recreational/Extra Curricular activities

IIIT Kottayam offers several forums for students to organize and develop their skill sets. Extracurricular activities like sports, fests, and other club activities are an integral part of student life at IIIT Kottayam. Clubs such as Wild Beats, Trendles, Sports Club, Drama Club, Music Club, Dance Club, Photography Club, Eco Club, and so forth play an inevitable role in the overall development of our students and helps develop their leadership, communication, and teamwork skills. The celebration of different festivals and cultural events provides opportunities for students to learn about different cultures and traditions and have a broader understanding of the world outside the classrooms. Our students have actively participated and attracted several prizes in the Inter-IIIT sports meet in 2018, 2019, and 2023 respectively. A full-fledged gymnasium and the service of a full-time Physical Education Instructor are available in the Institute with enough space for indoor and outdoor practice.
