INDIAN INSTITUTE OF INFORMATION TECHNOLOGY KOTTAYAM

Indian Institute of Information Technology Kottayam

About us

IITs are declared as Institutes of National Importance and organized as a conglomerate of researchers and students with administrative and academic bodies to guide itself. Indian Institute of Information Technology, Kottayam (IIIT-K) started its first batch in 2015. Presently the institution is managed by Dr. Rajiv Vasantarao Dharaskar as the Director and Mr. M. Radhakrishnan as the Registrar. Dr. M.P. Rajan (Dean Academics, IISER Trivandrum) is officiating as the Dean Academics.

Mission

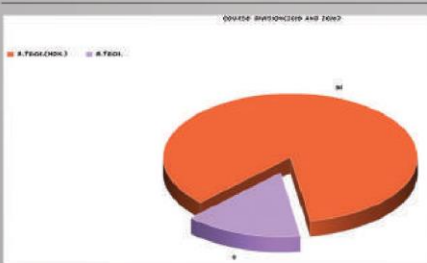

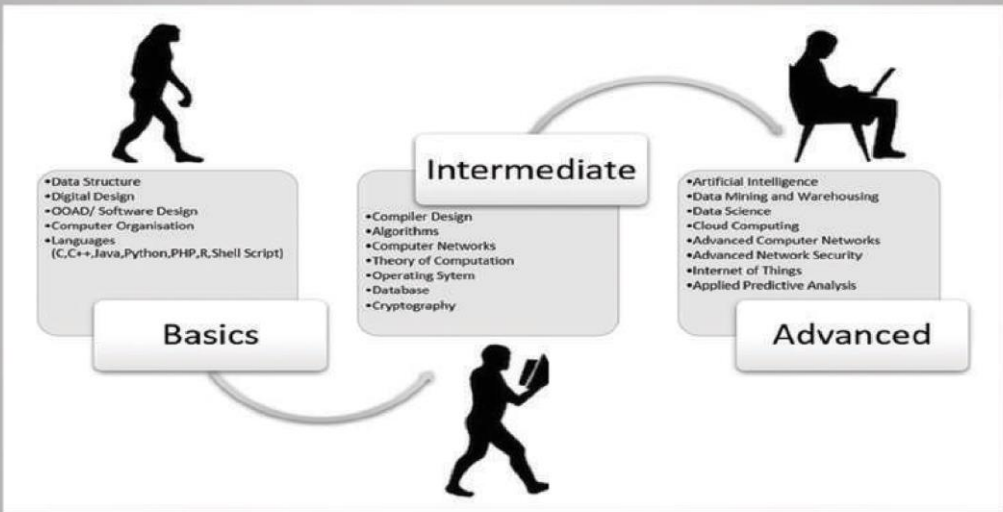

Generate a specialized cadre of Information technology expertise by imparting quality education, training and to attain international standards in teaching, research and consultancy with global linkages.

Vision

To contribute to India and the World through excellence in Information technology, technical education and research and to serve as a valuable resource for industry and society.

Course Structure

Coming under the mentorship of IIIT Hyderabad, one of India's leading Tech. institutes, IIIT Kottayam boasts of high academic standards. World Class Curriculum is formulated to give its pupils an edge in this competing world. Course is precisely designed by academic experts to cater the current needs of the industry. First two years focuses on the basic IT skills followed by two years of core and project oriented syllabus. Students are exposed to real world problems to make them ready for Internships from the first Semester itself.

Achievements

- AIR 28, 43, 61, 62 and more were secured by our students in the Indian Engineering Olympiad (IEO) 2017.
- Over 150 publications in leading journals such as Elsevier, Springer, IEEE etc.
- Faculties were deputed as Guest faculties to foreign Universities.
- The institute is transforming towards a fully automated administrative and academic system with the students and teachers working together to achieve it.
- Faculty/Student presentations at International Conferences /Symposium/Hackathons.
- 30+ Software Products were developed at IIIT-K (GitHub).
- Initiation of Collaborative Research Works with Technical University of Munich(TUM), Germany and University of Klagenfurt, Austria.
- DSIR, Ministry of Science and Technology has recognized the institute as a Scientific and Industrial Research Organization (SIRO) for IoT Cloud Research for 3 years.

Industrial Connect

IIIT is established by MHRD to boost the research and industry oriented approach of the institute especially in the IT sector. IIIT Kottayam is in PPP mode which clearly reflects the industrial connect with the partner industries.

Students are active in different Students Partner Programs of big giants like Microsoft, Google, Internshala, IEEE etc. and pursuing internships.

On-Campus Activities

Seminars, workshops, club activities, technical community meetings and various competitions are organised to boost the skills and maintain a competitive environment.

AIC-IIITKottayam(IoT-Cloud Societal), the incubation centre proposed under AIM (Atal Innovation Mission) Scheme of The Government of India is budding in the campus.

Life at IIIT Kottayam

A perfect blend of academics and entertainment is how the life is at the campus which not only facilitates the students to become a skilled professional in IT, but also encourages personality development.

• TECHNICAL CLUB

- The club motivates self-learning and sharing information amongst peers enabling students to widen the horizon of knowledge whilst sharpening their skills.

• SPORTS CLUB

- Gentle in Manner, Resolute in Execution
- Aims to provide a platform for the budding sports enthusiasts.
- A champion is someone who gets up when he can't.
-- Jack Dempsey

WILDBEATS

TRENDS

• CULTURAL CLUB

- Stay united, spread fun.
- Drives student engagement in various extra curricular activities and strengthens the festive spirit in the campus

• SOCIAL and LITERATURE CLUB

- Timekeeper of the institute.
- Creates a domain of network between students and the world around.
